

REUSABLE BAGS & BOXES

At **Eco Guardian**, our philosophy is *pure products for a clean future*. We are committed to protecting the environment by offering multi-purpose, reusable bags and boxes. Together, we can significantly reduce the harmful waste caused by disposable plastic shopping bags.

These companies, along with Vince's Market, Stella Artois, CO-OP, Lexus, Sleep Country, and many, many others all chose Eco Guardian for our outstanding quality and service.

Whatever the promotional requirements of your industry — retail, real estate, hospitality, tourism, automotive or winery — and whatever your special event, conference, or exhibit, **we'll create a custom bag or box just for you.**

If you have a unique demand or branding requirement, our design team is ready to help you custom-design **a distinctive, multi-use product specific to your individual needs.**

Our reusable bags are certified non-toxic and lead-free, and are machine washable. The most popular materials are woven and non-woven polypropylene. Sturdier and stronger than regular bags, they can carry up to 35 lb/16 kg and will stand up to years of repeated use. We also offer biodegradable bags made from natural materials like jute, cotton, and bamboo.

Woven Polypropylene (WPP)

- Glossy or matte - 100% print coverage
- Made using recycled materials
- Highly durable & reusable
- Strong & tear-resistant
- Non-toxic, lead-free
- 100% waterproof
- Machine wash

Alfa Aesar "one earth" WPP promotional bag with 100% print coverage—front, back, sides and bottom. Full color photo-quality printing with matching handles.

Non-Woven Polypropylene (NWPP)

- Pantone-matched spot color printing
- Photo-quality printing available
- 1000's of fabric colors
- Non-toxic, lead-free
- Soft, cloth-like feel
- Very affordable
- Machine wash

Longo's NWPP "green & growing" shopping bag. Pantone-matched fabrics with contrasting side panels. Spot color printing (red, green, and light blue).

Custom brand your reusable bag or box with full-color, photo-quality printing, or the more economical spot color printing (best suited to simple and bold graphics). Talk to us to determine what materials and printing is best for your purpose and your budget.
