

DO'S AND DON'TS OF REUSABLE FACE MASKS

Do

Fit the face mask snugly against the sides of your face, to prevent frequent readjusting.

Don't

Pull your mask below your chin (exposing your nose and lips) while you're wearing the mask.

Do

Make sure you can breathe easily; your mask should comfortably fit around the bridge of your nose.

Don't

Leave the mask dangling or improperly fitted to your face this creates opportunities for exposure.

Reusable face masks are one of several PPE products that Eco Guardian offers.

We are in this together.
